## Professional Summary

I am a final-year Engineering student with a solid understanding of **Java programming** and **front-end web development**. I have developed a strong technical foundation through coursework and personal projects, and I am eager to apply my skills in a professional software development role.

## Education

- Galgotias University 2021-2025  
Bachelor of Technology in Computer Science and Engineering.  
**8.48 CGPA**
- S.D.S Public School 2018-2022  
CBSE (Intermediate)  
**80%**
- Children Delight School 2018  
CBSE (10<sup>th</sup>)  
**82.2%**

## Internship

- IBM intern – remote** June 2023
  - Working on a project in a team to create a website for a restaurant using frontend web development with HTML, CSS, and a CSS framework
- Innobyte Service – remote** May 2024
  - I completed a web project during my internship, creating a website clone utilizing HTML, CSS, and JavaScript. My responsibilities included designing a responsive front-end interface.

## Projects

- Sorting and Searching Visualizer**
  - Designed and developed an interactive web application utilizing Data Structures and Algorithms (DSA) to visualize and implement various sorting and searching techniques. Implemented using JavaScript, HTML, and CSS, this project demonstrates the efficiency and functionality of:

Sorting Algorithms	Searching Algorithms
Bubble Sort	Linear Search
Quick Sort	Binary Search
Selection Sort	
Insertion Sort	
Merge Sort	
- E-Commerce website**
  - Developed a scalable E-commerce website using HTML, CSS, JavaScript, and React JS. The platform features a clean and responsive user interface, showcasing products with detailed descriptions, images, and prices. Users can browse through the catalog and add items to their shopping cart, with a focus on a seamless shopping experience.

## Skills

- Technical Skills:** Java, HTML, CSS, tailwind css ,JavaScript,
- Databases:** MySQL
- Tools :** Git , GitHub, VS Code.
- Personal Skills :** Teamwork, Adaptability, Time management, Problem-Solving.

## Certification

- Java with dsa (Alpha course ) by Apna College.
- Web Development(Delta course ) by Apna College.
- AI-MI virtual internship certification By AICTE.

## Achievements & Awards

- Ios Development Bootcamp (earned certification, and successfully pitched my first idea addressing real-life problems)
- Dexterix 4.0 Hackathon (final round competitor)
- 4 star rating on Geeks for Geeks (GFG) coding platform.
